Warewashing Made Simple.

D400

Compact, front loading and with simple two button controls for effortless, consistently clean results, the D400 is the perfect dishwasher for where space is limited.

The D400 is an easy to operate dishwasher with a 400 x 400mm basket that holds 9 full-sized plates. With its three minute wash cycle, this machine is capable of cleaning up to 180 plates per hour.

With a digital LED display, intuitive colour coded lighting and universally recognised symbols, this machine is incredibly easy to use, plus features performance enhancing customisations through its advanced settings modes. Additionally, its clever software constantly monitors wash cycles, temperatures, chemical usage and any errors giving valuable data which is used to improve operational efficiencies.

The D400 comes as standard with a gravity drain, which is suitable in instances where the machine is above the waste outlet. The optional drain pump (D400P) is essential where the drainage is either higher than the machines waste outlet, or has to be pumped to a stand pipe.

Optional Drain Pump
Our D400 is also available
with an Optional Drain Pump.
Model code: D400P.

Warewashing made simple:

Locally manufactured

Our machines are Made in Britain (Staffordshire) meaning shorter lead times on delivery, parts and support.

3 Minute Cycle Time

The D500 three minute cycle allows for maximum output without compromising wash quality.

User Friendly

We've maximised our user experience through, two simple button controls.

Advanced Customer Features

Adjust rinse aid and detergent settings and priming of chemical pumps.

Colour Coded Display

Amber flashing - Machine heating
Blue - Machine in cycle
Green - Machine ready

Operational Data monitoring

Our machine constantly measures all cycles, heating and errors providing useful data for improving efficiencies.
